

## GLOBAL HAND WASHING DAY REPORT

A virtual session was held on account of Global Hand washing Day at JSSINYS on 15<sup>th</sup> October 2020 from 11 am to 12 pm. The theme for this year is 'Hand Hygiene for all'. The participants of the session were the Principal, teaching faculty, 3<sup>rd</sup> and 4<sup>th</sup> year students, interns and health seekers of the hospital. The session was conducted virtually through Zoom platform.

Dr. Ravikiran, Professor and SMO of JSSINYS was the speaker. Introduction of the speaker was given by Dr. Dhilip. V. R, Principal and CMO. Dr. Ravikiran started with history of the link between hand washing and contact transmission of infection. He elaborated on the different modes of transmission of infectious diseases and highlighted how contact transmission played major role in it. He pointed the diseases which are mainly transmitted through contact mode. Then he clarified clearly the importance of washing hands in preventing these diseases. He also portrayed proper procedure of hand washing. The doubts raised by the participants were cleared by the speaker.
