

Report on Case Presentation – 03

The case presentation on 27th February, 2021 was done by Mr. Mani, Internee, on the topic of liver cirrhosis with associated symptoms in the time between 1:30 pm - 2:30 pm. The presentation was attended by Principal, all teaching faculty, IV year students and interns directly and through Zoom platform by the interns who are deputed in other hospitals. The presentation was explained with all the treatment modalities which were prescribed by the doctors. The department wise in charge doctors shared their insights from their knowledge and experience. The session was good.
