

Report on 4th CME

Every week Continued Medical Education (CME) is conducted at the college to improve and refresh the clinical and academic knowledge of the doctors, interns and students. On 10th April 2021, CME was conducted physically from 2:30 to 3:30 pm. Dr. Preethi KS, Lecturer cum Medical Officer, Department of Forensic Medicine was the speaker of the session and she spoke on “Hallmarks of Health”, a discussion on review paper about the endeavor to define health as a compendium of organizational and dynamic features that maintain physiology. Features of spatial compartmentalization, maintenance of homeostasis over time and responses to stress were highlighted by the speaker. Faculty and interns attended the session physically. Doubts were clarified clearly by the speaker following the session.
